## LES DEVOIRS

Use pages 44-55 in your textbook to create an original “BD” online. Please use the site provided in the directions below. I would advise that you build a short practice comic before you complete this assignment, as it is very important to take some time to learn the technology you will apply.

Some advice: Type out your dialogues in advance in a Word document. This way you can be sure that your accents are correct and that you have the original transcript if something would go wrong with the site, or if you accidentally close the window before creating an account!

Pay attention and take your own notes as you watch Monsieur Mabold complete a demonstration in class. If you are unsure of any part of this activity, please ask questions in class or by email in advance of the due date (let's say by Day 7 at 4 pm). **THIS ACTIVITY TAKES TIME TO CREATE. The assignment is to be emailed to Monsieur Mabold ([jmabold@shadysideacademy.org](mailto:jmabold@shadysideacademy.org)) by 17h00 on Jour 1 (3 octobre 2019).** Please be sure to leave yourself enough time.

### Requirements:

- Create a café themed dialogue using the site <https://www.makebeliefscomix.com/>
- **Include a minimum of 5 vocabulary words or vocabulary expressions from sections A, B, and C of Unité 2.** This is a **total of 15**. You should strive to demonstrate your application of questions and answers dealing with food, drinks, and monetary exchanges at a café.
- Accents should be included and use properly.
- Translators are prohibited with the exception of help from wordreference.com. **Use your textbook pp. 44-55, sections A, B, & C, to complete this assignment.**
- **Email the completed assignment to M Mabold by, or before, the deadline: 3 octobre 2019 by 5 PM.**
- Be creative: use characters, objects, and speech balloons to **create a comic strip that is similar to those you have seen and the examples explained in class.**

### Directions:

- 1) Go to <https://www.makebeliefscomix.com/>
- 2) Click “CREATE YOUR COMIX”
- 3) Name your comic (in French) and fill in your French name as the author. Remember, for help typing accent codes on your keyboard, visit the Shady Side Academy Teacher Page and see a link to the French Accent handout.
- 4) Next, build your comic by adding panels. Choose comic characters, speech balloons, and objects.
- 5) Type out / paste the text in the speech balloons and format your panels as desired.
